

# **PowerPoint: Guiding Part I: SSP & Sighted Guide: Two Functions in One Role**

## **Chapter 4.1.5**

### **Photo Descriptions**

#### **Slide 11:**

**Photo description: At left, the SSP describes some of the artwork in the station to a DB person. In between them is one of the artworks, which is lit from behind and looks like planet Earth**

#### **Slide 12:**

**Photo description: At left, the DB woman inspects the artworks, which are half-spheres mounted on the wall at right, while SSP, just behind the DB person, points out details.**

#### **Slide 13:**

**Photo description: At right, the SSP is conversing with the DB person, at left.**

**Caption: Before the train arrives, the SSP relates that there are about 20 other people waiting and a uniformed security officer is passing by. All this is orientation to the space.**

**Slide 14:**

**Photo description: At right, the SSP informs the DB person that the train is coming.**

**Caption: "Now the train is coming."**

**Slide 16:**

**Photo description: As the train arrives, at far right, as the SSP, at center, points where the train is so that the DB woman can orient herself.**

**Slide 19:**

**Photo description: At left, as both the SSP and DB woman walk toward the train, a man with a backpack, at right, walks behind the SSP.**

**Slide 21:**

**Photo description: At right, the SSP enters the train first, while guiding the DB client, who has her left hand on top of the SSP's right hand.**

**Slide 22:**

**Photo description: At left, the SSP informs the DB person of various seating options.**

**Slide 23:**

**Photo description: Outdoors, near the shoreline, at right an SSP pauses to look around and share information with the DB camper on various options for where he could sit.**

**Slide 31:**

**Photo description: At left, the DB person stays slightly behind the SSP, with his left hand on her right shoulder.**

**Slide 33:**

**Right photo description: A close-up view of the DB woman's hand on the handrail, along with her cane.**
