

**PowerPoint: Guiding III: Stairs, Doors & Cars**  
**Chapter 4.1.5**  
**Photo Descriptions**

**Slide 7:**

**Photo description: At right, at the bottom of the stairs, the SSP and the DB client pause as the SSP guides him to where the handrail is.**

**Slide 8:**

**Photo description: The SSP's right hand points and guides the DB's left hand onto the handrail.**

**Slide 9:**

**Photo description: A close-up view of the SSP's hand underneath the DB person's hand, guiding it towards the handrail.**

**Slide 11:**

**Photo description: Using the arm-to-arm method, the DB client and his SSP keep track of each other as they go down a stairwell.**

**Slide 12:**

**Photo description:** At left, a DB woman goes down the stairs using the handrail and her cane, as her SSP keeps touch by using her right hand on the DB person's left shoulder.

**Slide 14:**

**Photo description:** The DB woman, at left, uses both the handrail and her cane to go down the steps in front of a building.

**Slide 16:**

**Photo description:** Two women are going up the stairs, away from the camera. At left, the SSP steps up alongside her DB client who she holds onto the handrail and her cane; her left hand is on top of the SSP's right shoulder.

**Slide 17:**

**Photo description:** At left, a DB woman uses her SSP, at right just slightly in front of her, as well as her cane to go down the stairs.

## **Slide 23:**

**Left photo description: As the SSP-guide, at left, approaches the stairs, she moves slightly in front of the DB person, at right, wearing an orange safety vest.**

**Caption: SSP-Guide begins to shift position.**

**Right photo description: The SSP-guide indicates to the DB person where the handrail is.**

**Caption: SSP-Guide begins to indicate the handrail.**

## **Slide 24:**

**Left photo description: Both SSP and DB man pause near the stairs.**

**Caption: SSP-Guide & DB man have both paused.**

**Right photo description: The DB man places his left hand on the handrail.**

**Caption: Hand on rail; cane shifting position.**

## **Slide 25:**

**Left photo description: At left, the DB man proceeds to go up the stairs while his SSP walks alongside, just slightly behind.**

**Right photo description: When the DB man reaches the top of the stairs, he pauses for his SSP to guide move alongside him, to his left.**

**Caption: SSP-Guide is ready for transition again as the DB man pauses.**

**Slide 27:**

**Photo description: At left, the SSP pauses on the landing with her DB client as they go up the stairs.**

**Slide 31:**

**Photo description: Two women are walking down a narrow ramp; the DB woman, at right, uses the handrail and her cane.**

**Slide 32:**

**Photo description: At left, another DB woman uses her cane and maintains touch with her SSP as they go up the narrow ramp.**

**Slide 36:**

**Photo description: A close-up view of swinging doors, taken from outside.**

### **Slide 39:**

**Photo description:** The SSP, at left, begins to open the door, while the DB man waits, using an the SSP's elbow to follow behind and through the door.

### **Slide 40:**

**Photo description:** At left, another SSP walks through the doors while the DB woman follows using her hand on the SSP's elbow.

### **Slide 41:**

**Photo description:** The DB woman helps hold the door open as she exits out of the building.

### **Slide 42:**

**Photo description:** The SSP, at left, uses both hands to open the door as her DB client follows her with his left hand on the SSP's right shoulder; the DB person begins to assist in holding the door open.

### **Slide 43:**

**Left photo description:** Two women are on their way out the door. At right, the DB woman's right hand is on the SSP's left shoulder. The SSP pauses and begins to open the door, gently placing her left hand on top of the DB woman's right hand.

**Right photo description: Further out of the door, the SSP continues to hold the DB woman's left hand to guide her outside.**

**Slide 45:**

**Photo description: The SSP, at right, guides her DB client out towards a gated fence in front of a house.**

**Slide 46:**

**Photo description: The SSP guides the DB man's cane against the gate.**

**Slide 47:**

**Photo description: The DB man proceeds to locate the gate latch.**

**Slide 48:**

**Photo description: The DB man unlatches the gate.**

**Slide 49:**

**Photo description: The DB man opens the gate.**

**Slide 50:**

**Photo description: The DB man guides his SSP out.**

**Slide 51:**

**Photo description: The DB man closes the gate.**

**Slide 52:**

**Photo description: The SSP uses her right hand to touch the DB man's right hand to let him know where she is standing.**

**Slide 56:**

**Photo description: The SSP holds the door open and glances back to her DB client, using her right arm to touch the DB client's right hand.**

**Slide 61: Approaching the car**

**Left photo description: Both DB man and SSP walk into the parking garage as they chat.**

**Caption: Walking into the parking garage, chatting.**

**Photo description: Both DB man and SSP pause in the parking garage, in front of a car door.**

**Caption: Pause.**

## **Slide 62: Ready**

**Upper left photo description: The SSP informs the DB man that the car...**

**Caption: The car...**

**Lower left photo description: The SSP signs “parked” to the DB man.**

**Caption: ...is parked...**

**Upper right photo description: The SSP indicates and points where the car is.**

**Caption: ...there**

**Lower right photo description: The SSP searches for his car keys while the DB man waits.**

**Caption: The SSP-Guide gets his keys.**

## **Slide 63:**

**Left photo description: The SSP has his keys in his hand.**

**Caption: The SSP gets his keys then...**

**Right photo description: The DB man compacts his cane while the SSP waits, touching his hand to the DB man's elbow.**

**Caption: ...holds his key at the ready.**

**Slide 66:**

**Photo description: The SSP, at right, guides the DB man's hand to locate the door handle.**

**Slide 67:**

**Photo description: The DB man opens the door himself, using the handle.**

**Slide 69:**

**Photo description: The DB man opens the door as the SSP looks on.**

**Slide 70:**

**Upper left photo description: The SSP guides the DB man's hand to where the door corner is.**

**Lower right photo description: The SSP proceeds to guide the DB man's hand toward the door opening on the car.**

## **Slide 71:**

**Upper left photo description: The SSP shows where the top of the door opening is, so the DB man can gauge the size and location of the door opening.**

**Lower right photo description: The DB man proceeds to get inside the car, his left hand still at the top of the door opening.**

## **Slide 73:**

**Photo description: In the parking garage, the SSP informs his DB client that there is a car parked (not shown) next to his car.**

**Caption: The SSP-Guide explains there is another car parked just to the side of his car.**

## **Slide 74:**

**Left photo description: The SSP tactually indicates where the door is to the DB man.**

**Caption: The SSP-Guide touches the side of his car.**

**Right photo description: The DB man moves forward to locate the passenger door.**

**Caption: The DB man moves forward to the passenger door, opens it and gets in.**

**Slide 78:**

**Photo description: The person is partially visible as she gets inside of a big white van; its two doors wide open.**
