

**PowerPoint: Guiding Part IV: Beyond the Basics**  
**Chapter 4.1.5**  
**Photo Descriptions**

**Slide 4:**

**Photo description: At right, a DB woman and her SSP are standing in a grocery store.**

**Slide 5:**

**Photo description: A SSP (partially seen, at left) leads the DB person; the DB woman's left hand covers the SSP's right hand.**

**Slide 10:**

**Photo description: At right, a DB person is talking and walking with a SSP, at left on a sidewalk. The DB person is using her cane.**

**Slide 11:**

**Photo description: At left, the SSP guides the DB woman, at right, into a building. The DB woman uses her cane to gauge the step height.**

## **Slide 12:**

**Left photo description: At left, a DB man and his SSP, at right, walk while chatting into a parking lot.**

**Caption: Chatting at the end of a shopping trip.**

**Right photo description: Outside front of a house, a DB man, at left, with his SSP, at right, walks away from the house.**

**Caption: Here the hard-of-hearing DB person chats vocally while leaving home. Notice the SSP walking on the grass, giving the DB man the sidewalk.**

## **Slide 14: Talking While Walking: Smooth Surface**

**Left photo description: At right, a DB woman walks and talks with her SSP, at left, on a paved path at a park.**

**Right photo description: Along a beach walk, a SSP at left chats and walks with a DB woman.**

## **Slide 15:**

**Right photo description: At left, a DB man listens as his SSP, at right, describes a point of interest along a pathway at a park.**

## **Slide 19:**

**Lower left diagram: A pink arrow indicates the direction straight up and curves right.**

**Caption: SSP**

**Lower right diagram: A pink arrow indicates the direction straight up and turns sharply to the left.**

**Caption: DB person**

## **Slide 21:**

**Left photo description: At left, a SSP walks with a DB person, at right, towards the right.**

**Right photo description: At left, the SSP and the DB person pause. The SSP starts to turn left, pivoting as the DB person follows left.**

## **Slide 22:**

**Upper left photo description: At left, the SSP and DB person continue to change direction towards the left.**

**Upper right photo description: At left, the SSP and DB person pause slightly as they turn left.**

**Bottom photo description: The DB person is now slightly to the left of the SSP as they now walk in the opposite direction, heading left.**

**Slide 26:**

**Photo description: At left, a DB man listens as his SSP, at right, indicates direction towards the left with her index finger.**

**Slide 27:**

**Photo description: Both the SSP (right) and DB person (left) move together closely, ready to turn.**

**Slide 28:**

**Photo description: At right, the SSP pivots toward the DB person, at left.**

**Slide 29:**

**Left photo description: The SSP, at right, now moves towards the left, as the DB person, at left, stands in place.**

**Right photo description: At right, the SSP, is now almost in front of the DB person.**

### **Slide 30:**

**Photo description:** The SSP is now at left, with both the SSP and DB person's backs towards the camera.

### **Slide 32:**

**Photo description:** Both the SSP, at left, and DB person, at right, are walking closely together in a narrow aisle; The SSP is at a slight angle facing to the right.

### **Slide 35:**

**Upper left photo description:** In a grocery store, in the center of the photo, at left the DB person's left hand on the SSP's right shoulder, waiting for the incoming woman with a cart to pass by.

**Lower right photo description:** A close-up of the photo at upper left shows the SSP signaling to the DB person to pause before proceeding.

### **Slide 37:**

**Left photo description:** At left, the SSP leads the DB person weave through a crowd in a public event; the DB person's left hand is on the SSP's right shoulder. The SSP's right hand rests slightly on top of the DB person's hand.

**Right photo description: At right, the DB person has her left hand on the SSP's shoulder.**

**Slide 39:**

**Left photo description: At left, the DB person and the SSP, at right, observe and weave through a crowd in a public event. The SSP's right hand rests slightly on top of the DB person's hand.**

**Right photo description: At left, the DB person and the SSP, at right, pause. The SSP's right hand continues to rest slightly on top of the DB person's hand.**

**Slide 40:**

**Left photo description: A close-up of DB person's left hand on the SSP's right shoulder. The SSP's right hand lightly covers the DB person's left hand.**

**Right photo description: A close-up of the legs of both the SSP and the DB person walking toward the right. The DB person's cane is visible to others in the crowd.**

### **Slide 41:**

**Photo description: Looking down from the top of concrete stairs; bordered on both sides by metal rails. A post is visible at bottom of the landing, just to the right.**

### **Slide 43:**

**Left photo description: At left, a SSP explains the situation to the DB person, at right. The post is directly in front of them**

**Right photo description: At left, the SSP begins to guide the DB person through a narrow path to the left of the post.**

### **Slide 44:**

**Photo description: At left, the SSP leads the DB person and clears the post.**

### **Slide 45: How Wide/Tall Are You Now?**

### **Slide 48:**

**Photo description: At left, the SSP checks the path as she guides the DB person.**

**Slide 49:**

**Photo description:** At a crosswalk in an intersection, the SSP, at left, checks the DB person, with a guide dog, as he steps down the curb to cross the street.

**Slide 50:**

**Photo description:** At left, the DB person is at a step in front of a house; his cane is already at the next level down. At right, the SSP checks to see that the DB man is oriented to the step before both move forward.

**Slide 54:**

**Photo description:** At right, the SSP's hand is below the DB person's hand, guiding it to the moving rail (not shown).

**Slide 55:**

**Photo description:** A close-up of the DB person's (not shown) hand in front of the SSP, awaiting guidance where to go next.

**Slide 56:**

**Photo description:** The DB person is on the escalator, her left hand on the escalator's rail.

## **Slide 57:**

**Photo description: At right, the SSP gently guides the DB person's hand to the elevator button at the left.**

## **Slide 58:**

**Left photo description: Inside the elevator, the SSP guides the DB person's hand as it reaches for the button. .**

**Right photo description: The DB person presses the elevator button.**

**Caption: Pushing the button is a minor thing but it is emblematic of control**

## **Slide 59:**

**Left photo description: A close-up of the elevator cab's black signal and floor alert devices. At top, the device has the digital number, "4," below that is a small sign that outlines the procedures in case of emergency, and to the right is a floor alert device, with "up" and "down" arrows.**

**Right photo description: At right, the SSP describes the elevator's details to the DB person.**

**Caption: Details make the experience.**
